Transport for NSW

Defect Notice Declaration

This declaration is only available for defects issued by Transport for NSW (TfNSW) or the Police Service and **not** for EPA issued defects. Registered operators who don't have a copy of a defect notice (because it was lost, destroyed, or they were not in possession of the vehicle at the time it was issued) must complete Defect Notice Declaration with the appropriate inspection report.

To clear the outstanding defect the vehicle must undergo one of the following types of inspection and an inspection report issued:

- Light vehicles: full AUVIS inspection
- Heavy vehicle not included in HVIS: full AUVIS inspection
- Heavy vehicle included in HVIS: HVAIS (Pink & Brown)

Customer declaration

A false declaration may result in the immediate suspension or cancellation of the vehicle's registration and/or fines exceeding $2000.

I, (print full name)

state that the defect notice number (if available)

has been: Lost ☐ Destroyed ☐ Not received ☐

I am aware that the vehicle will require a full inspection to have any defect(s) cleared and to ensure the vehicle complies with the conditions prescribed by and under the *Road Transport Act 2013*, Road Transport (Vehicle Registration) Regulation 2017 and the Heavy Vehicle National Law (NSW).

I have supplied the appropriate inspection report required by TfNSW.
