7. Declaration (please read carefully before you sign)

I accept that submission of this application does not guarantee the application proceeding or the approval of or issuing of a VSCCS J&P certifier's licence. I understand that failure to supply full details, relevant documentation and sign this declaration can result in the application not proceeding.

I declare that the information I have given in this application is true and correct. I understand that if any information I have given is found to be false this application will be disregarded. I understand that Transport for NSW will conduct checks of its records to confirm correctness of the information provided.

I understand that a VSCCS J&P certifier's licence will not be issued if I cannot comply with the requirement to be suitably qualified and a fit and proper person to hold a licence.

I understand that if my application to become a licensed certifier is found to be unsuccessful, then the application fee is non-refundable.

I understand that a VSCCS J&P certifier's licence may be issued unconditionally or subject to conditions including compliance with conditions of licence made from time to time.

I understand that if a licence is issued the VSCCS J&P certifier's licence limits the licence holder to **only** certify body-fit and tow coupling modifications in accordance with sections J&P of VSB6.

I understand that if a licence is issued the conditions of licence limit the certifier to operating within the following definition of the VSCCS J&P scheme:

VSCCS J&P code scheme certifiers will only be licensed to certify:

VSB6 Section J:

The installation of tow couplings, drawbars, towbars and their associated fittings that:

- involve heavy vehicles only (i.e. those with a GVM exceeding 4.5 tonne)
- are fitted in accordance with both the vehicle and the tow coupling manufacturer's specifications and recommendations
- are installed in accordance with and is within the scope of Section P of VSB6
- meet the requirements of the NHVR Code of Practice for the Approval of Heavy Vehicle Modifications.

VSB6 Section P:

The installation of Heavy Vehicle Body fittings:

- involve heavy vehicles with a mass limit (ie GVM or GTM) exceeding 4.5 tonnes, excluding buses and motor homes.
- are fitted in accordance with both the vehicle and the body manufacturer's specifications and recommendations
- are installed in accordance with and are within the scope of Section J of VSB6
- meet the requirements of the NHVR Code of Practice for the Approval of Heavy Vehicle Modifications.

Certifiers should be aware of the other aspects included in VSB 6 (part A and B) and should be conversant with the Australian Design Rules applicable to heavy vehicles.

The VSCCS J&P code licence **excludes** any other modifications covered by VSB6 and specifically:

- any truck mounted lifting systems (slewing) covered by Section Q of VSB6, and
- any vehicle mounted lifting systems (non-slewing) covered by Section R of VSB6

Signature (the individual must sign)

Date

Personal Information Collection Notice

Transport for NSW is committed to protecting your privacy and ensuring your personal and health information is managed according to law. Find out why we collect your personal information, including how we use and manage it, by reading our privacy statement at www.transport.nsw.gov.au/privacy-statement or phone 13 22 13 to request a copy.

8. Check list
